OUR PROGRAMS

1. TECH COFOUNDER

Our Technical team will develop the product from A to Z and will handle all enhancements. We cover 50% of the costs as an investment per equity. Joining the program is for free. The startup has to pay in equity only.

2. IDEA TO PRODUCT

We support the business in getting started. We offer connections to investors and mentors. We also help in business and technical development investing in 50% of the costs.

3. GROW YOUR STARTUP

We help startups that already have a product in increase sales and improving marketing and in growing into new markets. We also help in finding new customers and/or partners.
